FOR IMMEDIATE RELEASE

Leading U.S. Insurer Expands Existing OneShield Partnership with OneShield Billing

PMA Insurance Group, one of the largest and most established providers of workers' compensation and other property & casualty insurance products, enhances current billing software and automates manual processes with OneShield Billing

Marlborough, MA — May 21, 2015: With a strategic goal of adopting a premium billing system to consolidate existing platforms and the flexibility to innovate, PMA Insurance Group has selected OneShield Billing to enhance its current payments system.

OneShield Billing is a complete billing and receivables system for P&C insurers across all commercial, personal and specialty lines that simplifies and automates every stage of the billing cycle, from processing invoices and reconciliations through to creating tasks and detailed reporting.

"OneShield Billing provides PMA the ability to adapt the premium billing system to accommodate changing business models and reduce current manual process with features available from both processing and workflow perspectives," said Susan Hendricks, PMA's Vice President, Information Systems. "OneShield has a long-standing relationship with PMA, and they have knowledge of PMA's current premium billing processes along with an understanding of PMA as an organization."

OneShield Billing is designed specifically for enterprises handling complex payable and receivable transactions. Completely configurable, it empowers companies like PMA to design its own workflows and automate manual tasks throughout the billing lifecycle.

"We are very pleased to be expanding our partnership with PMA," explains OneShield's Senior Vice President, Sales and Marketing, Liza Smith. "OneShield Billing is a complete end-to-end solution that allows us to continue to serve PMA's billing needs now and into the future."
