### ABOUT AAIS

Established in 1936, AAIS serves the property casualty insurance industry as the modern, Member-based advisory organization. AAIS delivers custom advisory solutions, including best-in-class forms, rating information and data management capabilities for commercial lines, inland marine, farm & agriculture, commercial auto, personal auto, and homeowners insurers. Its consultative approach, unrivaled customer service and modern technical capabilities underscore a focused commitment to the success of its Members. AAIS's strategic work and partnerships led to the creation of openIDL, the data and information sharing platform for regulatory reporting built on distributed ledger technology, now a Linux Foundation Project.
